

**Announcement of an open public competition  
to receive grants from the Russian Science Foundation  
for the priority area of the Russian Science Foundation's activities  
"Basic scientific research and exploratory scientific  
research, conducted by international research teams"**

Russian Science Foundation (Foundation) announces an open public competition to receive grants from the Russian Science Foundation for the priority area of the Russian Science Foundation's activities "Basic scientific research and exploratory scientific research, conducted by international research teams".

Public competition is conducted in cooperation with the Department of Science Technology of the Ministry of Science and Technology of the Republic of India (DST).

The grants shall be allocated for scientific and technical programmes and projects, basic scientific research and exploratory scientific research (hereinafter the projects, scientific research) in 2016-2018 for the following branches of knowledge, as indicated in the Competition Documentation.

Projects conducted by international research teams, each of which consists of a Russian research team and an Indian research team, may take part in the competition.

The Foundation's grants shall be provided to the Russian research team on a free and non-refundable basis according to the competition results under the terms, specified by the Foundation, via Russian research organisations, Russian higher educational organisations and international research organisations (interstate and intergovernmental), located on the territory of the Russian Federation, where the projects will be implemented (hereinafter the organisation).

The DST's grant shall be provided to the Indian research team performing basic scientific research and exploratory scientific research under the terms specified by DST.

The size of one Foundation's grant shall range from 4 (four) to 6 (six) million roubles annually.

The necessary condition for the provision of a grant by the Foundation shall be the receipt by the Indian research team of a grant from the DST to implement the project. Funding of the project by the Foundation's grant shall be discontinued in the event of funding of the project by the DST grant is discontinued. The scope and name of the project involved in the Foundation's competition must be identical to the scope and name of the project involved in the DST competition.

The scientist who serves as the leader of a project (leader of an area of the organisation's integrated research programme) that was previously supported by the Foundation and that was not completed as of the current application submission date, is not eligible to be the leader of the Russian team.

Organisation and Indian organisation must provide within the application the letter of agreement to supply with necessary facilities and equipment for implementation of coordinated project, on plan and terms of the activities to be implemented within the framework of the project, on the terms of use of results of intellectual activities, originated from collective creative work during the implementation of the project, on the awareness on the requirements of the Foundation to the Russian research team.

The Competition Documentation may also include other restrictions on applications of grant proposals.

It shall not be permitted to submit to the Foundation a project that is similar in scope to a project which has been concurrently submitted for the other competitions of the Foundation or other

research foundations or organisations (other than those specified by this Competition Documentation) or which is currently being implemented using the funds of foundations or organisations, a government (municipal) target or development programmes funded by the Federal budget. If these conditions are violated, the Foundation shall discontinue funding for the project regardless of its stage of implementation with the simultaneous recovery of the funds paid to the grant recipient in the prescribed manner.

The conditions for the providing of the grant include the requirement to make the results of the scientific research conducted by the research team the part of the public domain by publishing them in peer-reviewed Russian and foreign scientific journals.

Other conditions of the competition may be found in the Competition Documentation.

Hard copies of the applications must be submitted to the Foundation **no later than 12:00 a.m. (Moscow time) December, 21, 2015** at the address: Moscow, GSP-2, 109992, ul. Solyanka, d. 14, str. 3.

The competition results shall be approved by the Foundation's Management Board by April, 1, 2016 and published on the Internet at the Foundation website.
